

Dear Spartan Band Family,

As many of you already know, we have a band member who was recently diagnosed with cancer. Holden has been in treatment the past month and has more to come. As you can imagine, this is a lot for any family to handle. We, as a band family, would like to help ease the Logan's burden and are going to have a benefit potato dinner in conjunction with the Sounds of the Stadium concert next Friday, November 11. The concert will begin at 6:30 in the stadium with the dinner to follow in the main commons. All proceeds will go to Holden and his family. We will also be taking monetary donations or gift card donations for the Logan's that evening. Please consider ordering a dinner next week and/or making a donation. Please return the bottom half with your payment to the band safe no later than **Tuesday, November 8.**

Additional way to help: MD Anderson will be on campus Friday, November 11 7am-1pm performing a blood drive. Please encourage any student over the age of 17 to donate that day. There will be sign-ups in the rotunda during lunches next week. Holden will receive credit with MD Anderson for every unit that is donated. Adults are welcome to donate as well; to ensure proper staffing you must email the coordinator Kirsten Hampshire to let her know you will be donating (kirstenwhampshire@katyisd.org).

Please keep Holden and his family in your thoughts and prayers!

Stacey Zudock
